

HILLSIDE HAPPENINGS

Ms. Coffey and Mrs. DeAngelo's 5th grade classes began a science unit on the solar system. Each pair of students made sundials and learned how they are used to measure time.

Decked out for school spirit week!

Sixth graders looking ahead to turning 100 years old!

What's your favorite board game?

Grace takes a closer look with a stereomicroscope in Life Science.

Our middle schoolers working together to form hula huts!

Our annual Halloween celebration included a whole school dance performance for the Hillside families on Friday, October 27!
